

Academically Interested Minds (AIM) 2022 Pre-College Summer Program

APPLICATION DEADLINE: April 27, 2022

PROGRAM DATES: July 5 – August 5, 2022

**Please Note: If circumstances surrounding the Covid-19 pandemic begins to present significant challenges across the country, the AIM Program will be held virtually and applicants will be notified as early as possible.*

The 2022 AIM Pre-College Summer Program is a five-week residential program designed to assist students of color in making a successful transition from high school to college by providing:

- An opportunity to gain real life experiences, as Kettering students, prior to college admission.
- Further development in math, chemistry, computers, economics and business prior to enrollment in college.
- Career information and exploration experiences to help focus and make career decisions.

The AIM Program will be held Tuesday, July 5th through Friday, August 5th, Monday through Friday each week. AIM is an intensive academic experience during which students will attend classes in Calculus, Chemistry, Engineering Physics and work in groups on a specific Case Study. Weekends include fun activities, mentoring and involvement in the Kettering University community.

ELIGIBILITY – The AIM Program is open to students of color presently in the eleventh grade (graduating in 2023). Participants must have a minimum 3.0 grade point average in high school English, math and science courses, which include two years of English, two years of algebra and one year of chemistry with lab.

COST - There is no fee to apply, but participants in the AIM program are required to pay a \$500 program fee. Financial assistance may be available. Kettering University and its corporate supporters, as well as private donors, cover all other program costs which include tuition, room & board, activities, books, supplies and in some cases, transportation.

Please **NEATLY PRINT** when filling out application.
